

WILLIMANTIC

Norwich Bulletin, Willimantic Office
23 Church St., Telephone 104.

Residents of Willimantic expecting to take trips to other cities Sunday via train or trolley will do well to remember to start one hour earlier than they have been in the habit of doing. For instance if a person has been in the habit of taking the 10 a. m. express from this city for Hartford, when the new schedule goes into effect Sunday morning at 2 o'clock all trains will be started out one hour earlier but the time will remain standard. Therefore a Willimantic person wishing to take the 10 o'clock ex-

press must be at the station at 9 o'clock if he expects to get his train. All very well, now consider what will happen if you desire to visit with relatives living in Norwich or New London. You look at your watch. It is 1 o'clock and you go to the trolley and take the 1:25 from this city. When you arrive in Norwich it will be 2:45 by their time and 2:45 by your time. On the return trip, however, you leave Norwich at 7:45 and you arrive in Willimantic at 8:05 by your time. Persons making the trip from Norwich to Willimantic by automobile and making the trip in 40 minutes will arrive in Willimantic 15 minutes before

they left Norwich, but on the return trip it will take them 80 minutes to make the trip. The Norwich-Willimantic trolley is to conform to the daylight saving plans adopted by Norwich and New London. This means that the trolley will arrive in Willimantic at 8:15 instead of 8:13 as on the old time. In the evening Willimantic people must take the trolley leaving here at 8:35 or they will have to wait until 9:15. This is caused by the trolley running on new time while Willimantic has the standard time. Whether the Connecticut Company will put on an additional car leaving this city at 8:35 has not been announced but it is not a local person must take the early trolley or stay up late.

A special meeting of the common council was held Friday night at the council rooms at the town hall. Owing to the poor weather conditions a number of the aldermen were unable to attend. The meeting was called to order at 7:55 by Mayor Charles A. Gates and it was voted that a bill of \$143 due the town of Mansfield for the use of the Willimantic trolley be paid. A resolution allowing the Ames Motor company to cut down a portion of the wall bordering the Sayles property on Main street wide enough to allow the construction of a driveway was adopted. It was understood, however, that the wall was to be reconstructed when the driveway was no longer put into use.

At this meeting of the common council the street committee consisting of Aldermen Bowen, Hickey and Carlsen held a hearing on the Chestnut street and Lewiston avenue question. It was announced that the old time adopted by the city engineer several years ago would be done away with and that a new grade would be established which would leave the present grade practically as it now is. A few places on the road would be cut down and other places would be filled. The following property owners were present and agreed to the plans of the street committee: Louis H. Harold, Taylor, C. H. Rhinehart, A. C. Everett, A. P. Bennett, Archie Sharpe and the Fry sisters.

A hearing on the conditions arising from the swamp in the section enclosed by Ives and Chapman street was allowed by the following members of the committee, Aldermen Roy Hickey and Carlsen. Several people whose land is partially overflowed by the gathering of water attended the meeting and stated that as long as they could remember there had been no swamp in that spot and only after the American Thread company started to fill in on their property and the opening of the culvert placed there by the company did the water flow onto their land. They were of the opinion that if the culvert were opened again the water would drain off and conditions existing previous to the filling in by the Thread company would once more exist. At the suggestion of Alderman Roy the people having property in that section and members of the committee will meet at the swamp on Sunday afternoon, May 2, at 2 o'clock and a better idea of conditions may be found that might lead to a plan for remedying the trouble which is now the fault of the Chestnut street property owner.

There was a large attendance at the concert of the Pylon Sisters, given by the Pylon Sisters, at the town hall. The musical programme began at 8 o'clock and at 8:45 the grand march was led off by Mayor and Mrs. Charles A. Gates. A programme of eighteen numbers in which new and old dances were many were enjoyed. During intermission refreshments were served by the Pylon Sisters under the direction of Sister Ella H. Gurley, E. S.

The success of the affair was due to the work of the committees made up as follows: General director, Mayor Charles A. Gates, who was assisted by the following: Jennie Johnson, Minnie Wilson, Olive Anthony, Agnes Brown, Edith Arnold, Minnie Smith, and a committee of arrangements with Ivin M. Ford, chairman, Gladys Smith, secretary and treasurer, Margaret McArthur, Fannie Perkins, Walter R. King, William E. Higgins.

The men's bowling team and the Girls' bowling team of the Willimantic Plant of the American Thread company, accompanied by over 90 rosters, will leave this city this Saturday noon at 12:30 o'clock for Holyoke, Mass. Earlier in this week it was stated that automobiles would be furnished those desiring to make the trip and many took advantage of the offer. Sixteen automobiles are scheduled to leave from the main office of the plant at the corner of Main and Union streets for the trip to the Holyoke mills of the American Thread company. At this point the rest of the company will be placed at the disposal of the local police.

The games in Holyoke will be rolled on the Suffolk alleys, six of them having been reserved for the evening. Last week Saturday the local bowlers triumphed over the Holyoke teams when the three pin were rolled. The games tonight are to be rolled with candle pins. For the past few nights members of the local teams have practiced on the latter kind of pins and feel that they can hold their own against the Holyoke teams. In addition to the games to be rolled by the girls' and men's teams, a third series will be between the overseers of the two plants. Following the bowling matches an entertainment is scheduled to take place under the auspices of the Athletic association of the Merrick mills. The local bowlers and rosters will arrive home to Willimantic early Sunday morning.

Chief of Police Stephen J. Tobin of Rockville visited for a short time in this city Friday.

Attorney Samuel B. Harvey attended the session of the Tolland county superior court Friday at Rockville.

The summary process case of the First Spiritualist society of Willimantic vs. Salvatore E. also of this city, which was to have been tried Friday afternoon at two o'clock was continued for the third time when two of the lawyers engaged in the case were unable to attend as they were engaged at the session of the superior court at Rockville.

Motorists of this city who may be tagged in the future for disobeying the new city ordinance concerning the parking of cars on some of the principal streets will have no one to blame but themselves. Printed cards of this ordinance have been left at the police station.

and can be obtained by drivers upon request. The members of the Knights of Columbus bowling team who recently defeated the bowlers of the Y. M. C. A. are to be guests of the host at a supper at Windham Inn Monday evening of next week.

Ex-mayor and Mrs. Daniel P. Dunn left Friday morning for New York, where they are to spend several days. Friday marked the thirty-first anniversary of their marriage and Mr. and Mrs. Dunn believe that trips together should not begin and end with the first.

Some thirty friends from Norwich, Rockville and this city were callers at the home of Mr. and Mrs. Ben Elstenborg of 46 John street Thursday evening. The event celebrated was the third anniversary of their marriage. The apartment had been prettily decorated in pink and white. The evening was passed with music and dancing, and Miss Ruth Herick entertained with several songs. A dainty lunch was served by the hostess. Although the official schedule of the Emeralds closed several weeks ago, the five will play in New London tonight (Saturday). They will make the trip by automobile and will line up against the Whaling City five which will include Pickery, Danny Doyle and Mule of Traffic. The Emeralds will use their regular lineup.

Costello's orchestra of Hartford is coming to the state armory Saturday night, April 24th. The time is 8:00. Mrs. Lena Wilczekski, 18 West Erie street, died at St. Joseph's hospital following an illness of several days. She was born in New Haven September 23, 1860, the daughter of John and Anna Picklik Wilczekski. She is survived by her husband, John Michael and two minor sons. Three sisters also survive her, Mrs. Blanche Gayson of Hartford, Mrs. Francis Parker and Miss Julia Wilczekski of Willimantic.

Catherine Yoncas, 9, the only child of Mr. and Mrs. Peter Yoncas, died Thursday night at the home of her parents at No. 5 John street. She had been ill with scarlet fever. She was born in this city October 9, 1910, the daughter of Peter and Georgia Nekos Yoncas.

The daughter of Stefan, Smerek, the 18 months old daughter of Mr. and Mrs. Stephen Smerek occurred Friday morning at the home of her parents at No. 5 Milk street. Death was caused by pneumonia.

The body of Mrs. Leroy G. Perkins, who died Monday at her home in Frost proof, Florida, arrived in this city Friday afternoon, shortly after 3 o'clock, accompanied by her husband and her daughter, Miss Riva Perkins. Burial was in the Willimantic cemetery where Rev. Harry S. McCready read a comforting service. Funeral Director Jay M. Shepard was in charge of the arrangements.

In the Baptist church Sunday at 10:45 a. m. and 7:40 p. m. the pastor Rev. E. D. Remington will preach.
Fred Pedus motored to Norwich Friday.

ANNOUNCEMENTS

Breed Sunday, Monday and Tuesday.
"Shore Acres," the Screen Classic, Inc., presentation of James A. Herne's celebrated stage drama of New England folk, in which Alice Lake will star, is announced at the feature attraction at the Breed theatre Sunday, Monday and Tuesday. The screen production of the famous Herne comedy drama, in which the well known author, star, and producer toured from coast to coast, is a faithful exposition of the immortal stage play and constitutes in its tremendous dramatic power and delicious rural characterization a notable achievement on the silver screen.

The plot of the celebrator old play is the absorbing unfolding of a series of events in the lives of some New England farmer folk, and the consequences of a father's wrath on marrying the man she loves. Desirous of having his daughter make a prosperous match the stern old father endeavors to force her into matrimony with the village sharper, an unscrupulous man who induces the old farmer to invest his savings in bad mining stock. Reconciliation, swiftly follows, however, and the cast supporting Miss Lake are such well-known players as Edward Connolly, who plays the part of Uncle Nat, the role created by James A. Herne, in the stage production; Joseph Kilgour, who will be seen in the part of Josiah Blake, the village sharper.

The feature attraction at the Breed theatre today is Olive Thomas in a new Selznick Picture "Out Yonder," written by Pauline Phelps and Marion Short and made under the direction of Ralph Ince. "Out Yonder" is a novel drama in that practically all the scenes are laid in and about a stately lighthouse on a rocky reef in the Atlantic. It is a story of stormy coasts and sunny hearts with Olive Thomas in the role of "Flora," daughter of the keeper of the light. The action is fast and absorbing introducing new scenes, new faces, new charm and new plot. Miss Thomas has excellent supporting cast, including Hingley Gordon, Mary Coverdale, Louise Prussing, Edward Ellis and others.

Mary McLaren will also be seen in "The Road to Divorce." This picture is undoubtedly one of the best in which Miss McLaren has ever appeared. The plot teaches a real lesson in a way that cannot be forgotten and there are some of the most beautiful scenic effects that have ever been shown on a local screen. The Pathe News will complete the bill for today.

Deep River—General Mathewson W. Potter has returned from New York, where he went to attend the wedding of his brother, Henry O. Potter, and Mrs. Florence C. Plummer of Adams, Mass. The groom is a member of the cotton brokerage firm of E. Remington & Sons of Providence.

What Is Going On Tonight.

Breed Theatre.
The Time of the Day at Breed Theatre.

ANNOUNCEMENTS

Theodore Roosevelt, 35-Carter
second, by Mrs. Pauline Rosemark
has been elected to the Senate.
Vanderbilt, great estate agent.

The picture has plenty of action—we have never seen the East Side scenes so faithfully portrayed on the screen. The scene from real street scenes to studio settings are cleverly managed. Garret Hughes is starred. He deserves to be starred again. His acting is the high spot in the picture. Irma Harrison is a good type for the Russian girl. As the youthful patriot Mary Hogan, Ruth Stonehouse, acts with fervor.

Fatty Arbuckle will be seen in The Cook, Screen Studies and William Duncan in The Silent Avenger. Be sure and come early.
For Monday the Strand will have one of the best programs ever seen in Norwich. While Lang and Co. will be seen in a full stage sketch with special scenery. The other acts are Lark Lanning in a mimic act and The Girl in the Air. A novel singing act. For the special feature a First National attraction will be shown starring Vivian Martin in Husbands and Wives from the famous novel "Making Her His Wife" by Ceria Harris. Vivian Martin, as the wife, begins wedded life by replying to her husband's statement—"The first thing every wife should learn is to obey her husband"—that "The first thing every husband does learn is that she won't." The difference of opinion is caused by her having had a northern society girl married a small town hardware merchant in the south. Quite naturally their ideas of life differ greatly. The struggle to gain mastery over each other gives Miss Martin the opportunity to again demonstrating his histrionic talent.

Come early and avoid the rush. A Gaumont weekly will close this high grade show.

Strand
Today is your last chance to see the Strand's big show. George N. Brown, the world's champion walker is here with a company of fifteen people. This act is both interesting, amusing and entertaining. George and Moore, two clever Chinese are seen in a singing and dancing act which has beautiful scenery and is lavish in costumes. Tom Platt, the famous comedy juggler, entertains you with his own comedy and acrobatics. Harry T. Morey has the role of a detective. In this character he has several stunts which show his skill. The story is full of suspense and exciting climax. The love interest is strong and introduced early in the tale.
A Kinogram weekly closes this fine program at the Strand.

AT THE DAVIS.
The mystifying work of Prof. Henri Clayton, the Mystic, at the Davis theatre this week brings prominently under discussion a new and startling theory of psychology, namely, the possibility of securing information and controlling actions through the projection of the "astral" body (and mind) of the investigator, contacting with the subject to be investigated.

That the projection of the "astral" body is one of the latest achievements of psychology is a fact announced by no less authority than Mr. Hereward Carrington, the able psychologist and author of "New York City." Mr. Carrington insists that "it is not the conscious will which performs this miracle, but the subconscious will—the will which is active in sleep" (or trance concentration), and he says that this result "can only be reached by the use of the 'subconscious'." No further remarks: "Once reached and strengthened, however, it (the 'astral' body)—mind—is capable of performing all sorts of marvelous while the subject is asleep or entranced"—concentrated.

Prof. Clayton, who has given this psychological aspect of psychology careful study, is inclined to go a step further than Carrington—or Dr. Charles Lancelotti of France; Colonel Albert de Rochas, of the French army, or Dr. Hector Durville, president of the "Magnetic Society" of France—all of whom have made painstaking experiments and written books on the line of "Psychic Science." Prof. Clayton says that he has seen why the "astral" body (mind), projected admitted on its adventure through the mediumship of the "subconscious" may not intelligently contact with the hypnotized, trance or concentrated subject or even through the latter's "subconscious" intelligence. This may all sound like Greek to the layman, Prof. Clayton admits, but reduced to the language of the street, it means that it is possible for an "adept" to project his "subconscious" mind in company with his "astral" body by the mere act of concentration so that he may learn (with the consent of the subject) the innermost secrets of another's soul.

In practical demonstrations of these marvelous powers, Clayton is giving daily manifestations at the Davis theatre in this city. His work is certainly a most interesting study in higher psychology. Those who desire more entertainment in addition to the occult work will find an interesting amusement program also given by Prof. Clayton and his associates.

WAY DOWN EAST.

One of the dramatic traits of the year is the big revival of that everlasting success, Way Down East. The play carries a company of 25 people and two baggage cars filled with scenery and electrical effects. In fact it is one of the largest organizations of its kind on tour this season, not withstanding the increased cost of railroad transportation and the higher prices of everything pertaining to a company of this magnitude. The firm of Counihan & Shannon Inc., have embellished the attraction until it stands alone—bigger and better than ever.

Way Down East is guaranteed by the management and from its uninterrupted successful career of twenty-five years it hardly needs such guarantee, but for the skeptical few, suffice to say that Way Down East has been witnessed by over 20 million people, it has received the unanimous endorsement of the press and clergy and is a play that every man, woman and child should see and having seen it they will want to see it again.
Way Down East with its full equipment will be seen at the Davis theatre on Wednesday, April 28th, with the same company and effects that played all the larger eastern cities, having just completed its engagement in New York, Boston and Philadelphia.

Central Avenue Property Sold
Through the agency of Francis D. Donohue, Marice R. Davis, administrator of the estate of Elizabeth Gellins, has sold to Soltana Transilvania the real estate located at Nos. 22-24 Central avenue. It is a two and one-half story building with a store and dwelling, the owner will occupy the property for his business.

BUY WHITTALL RUGS FOR YOUR HOME, IT MEANS ECONOMY

The rug for the home should be selected with care, because it's an item that will last you a lifetime. Don't buy a cheap rug every year or two—but one good one—one beautiful one that will last a great many years, a rug that will give you satisfaction every minute that it is in your house.

WHITTALL RUGS

are the highest grade rugs made in America—but they are as low in price as any similar quality, and durability and satisfaction considered; they are the most economical to buy; they are singularly beautiful adaptations of fine oriental antiques and lose nothing in comparison with the originals.

WHITTALL RUGS COMBINE RICHNESS OF BEAUTY AND GOODNESS.

BUY A HOOVER

AND SAVE THE COST OF SENDING CARPETS TO THE CLEANERS!

Invest the money in your initial payment on a Hoover. Then your carpetings can be thoroughly cleaned at home, on the floors, without moving furniture.

The Hoover beats out all embedded grit, sweeps up all clinging litter, straightens crushed nap, freshens the colorings and prolongs the life of all rugs and carpets, besides "Vacuum Cleaning" them. Call or phone, we will be glad to give you a demonstration.

TURKISH TOWELS

There is always need of extra towels, not good policy for housekeepers to use the last towel in the house—and this week we have a special offer in large size Turkish Towels, with colored borders of pink, blue, yellow and lavender.

Special 98c Each
